with our hobby this month. We can only hope it gets better this coming month. No one should have any excuses for unbuilt or unfixed damaged aircraft with all this bad weather. No safety accidents or rule violations to report. Just a reminder not to fly over the runway unless you are landing and please be sure your AMA card is on the board and you have a clothespin on your person when flying. Please do not do touch and goes when there are many flyers because its annoying and dangerous to the other flyers. Be safe and please have a great time at our great field. Don't forget our next meeting and if you have suggestions for officers it would be helpful, obviously you need to be at the meeting to voice these nominations. See you at the field
