somebody Bring a friend out and let them enjoy it too

President, David Grantham

SAFETY OFFICERS REPORT

I understand that not too much flying is going on due to the rains. Hopefully that will all clear up soon and everyone can fly their agoon. When this happens please be safe and follow our simple rules. I have severely damaged a calf muscle and out of commission for awhile. Looking forward to seeing all your smiling faces and getting in on the friendly pokes back and forth. It's what makes the club so great.

Dave, Rod, Kim & Wilf

Upcoming Events

CSMS next meeting is Saturday September 7th. Plan to come to the field and fly early and then attend the meeting.

President's Letter -

David Grantham

The next club meeting well be on September 7 2019. at 9:00 am. There not that much to talk about. There may be times when we may have to shut the airfield down because of water on the runway or the road. That would be the only time if the road is too soft to be used. I can tell everyone that all the mowers are up and running now, The mowers needs to blow or washed the grass off of them and hook them back up on the battery chargers. Everyone come out and have a great time flying and be safe and if you know
