## CSMS October Club Meeting 9:00 am Saturday October 2, 2021

### President Report:

The next club meeting will be on October 2, 2021 at 9:00 AM at the airfield. I hope to have a good turnout for the meeting. I was not here for the September meeting so I do not know how much was done because I was on vacation. I made a trip to the airfield on 09-21-21 to check the field and the airfield look okay but it was a little wet out there and little bit of standing water on the runway and ground but over all everything look good. I think it was back in August the club members took a vote to pull out the old pipe at the beginning of the taxiways and fill in the ditch so the mower can get behind the flying stations. It will take place in October or November when it stops raining and dries up a little bit. I will have a newsletter put out asking for anyone who would like to help. We will call that a field workday. Let's come out together and have a great time working our airfield and make it look better. That's all for now and thank you.

President – David Grantham

### Vice-President Report:

Well I didn't get to do much flying this past month because of the rains. Hope you had better luck. I did get some work done on my Kolb FireStar II though. That's a good thing. Hope to get it in the air when the weather gets better. The snow bird members should soon start arriving. It will be good to see them again. The date for our annual "Welcome Back Snow Birds" event is December 4. Plan on being there and bring family and friends. The event director is Kim Kelpner. Please offer your help and assistance to Kim. V.P - Eddie D. Mattingly

### Safety Officer Report:

No report this month.

Chief Safety Officer - Dave Leifheit

A short visit to Eddie's and Carol's long ago past. Late 1970's Mint Julep Pattern Contest at Rough River State Park, Kentucky.

Yep, that's me waiting to fly.

Start your engines!

If I don't mess up the 3-turn spin, I've got it made.

Carol was the very best caller and pit crew you could ask for.

Hope you enjoyed that little visit to the past. If you have some old flying photos you think the club members would enjoy, please email them to [flyingham@protonmail.com](mailto:flyingham@protonmail.com)
