

To All c.s.m.s. club Members

I David Grantham President of c.s.m.s. club would like to take this time to let everyone know that I went to Flex Innovation on March 15 2023 and talk to Quique Somenzini and to return his 4 banner back to Flex Innovations and I had a talk with Quique and ask him what was going on and why he had to apologize to the club Members.

He told me that he did this on his own because he broke one of our club safety rules so No Eddie didn't tell him to do that Quique Somenzini was very clear to me that he did this on his own and Eddie had nothing to do with that. Quique and Eddie are still good friends and Quique looking to be back next year in 2024 to be at our next airshow. So Eddie was in the right to help keep our spectators and club and runway safe from wild and crazy flying going on that day. I don't know how and where this rumor got started but it needs to come to a end and for get about it there been too much talk and too much hurt about this mess let get over it now and come together and help each other to Bill this club back up and to be strong again

President. David Grantham
